A LITTLE FLAVOR OF THE SOUTH™

"Exceptional pecans and customer service is the heart of our business."

— L.C. Priester, Founder

Way back in 1935, L.C. Priester had a simple dream for his roadside store in Fort Deposit, Alabama— sell a few bags of pecans and some refreshments to travelers passing by on the main highway. It worked, and pretty soon people from all around the country were talking about Priester's "little flavor of the South." Today, we remain a small family run business. We work hard to please every single one of our customers. Our goal is to continue to uphold the tradition and principles of quality for each and every product; striving for your complete satisfaction every time.

WARM WISHES!
